Hello Lisa,

To keep the record straight, I remind you that these are not EPA's groups as you have called them and EPA does not "have them" doing anything. We consider you and your point of view as important as any others in the Bristol Bay Region and would be happy to sit down in discussion with you. Please feel free to call me at any time.

Sincerely,

Rick Parkin, Associate Director  
Office of Ecosystems, Tribal and Public Affairs  
U.S. Environmental Protection Agency  
Region 10

**Subject:** Parties Now?

All,

We are small Villages worried about our economy and you have these groups asking your agency to impose regulations on us. They are having parties in Villages to discuss the EPA watershed and contest on fishing trips...discouraging to see all this happening around us.

Regards,  
Lisa
